

# Welcome to the World of Exact

Exact International supports multinational organizations to establish a 2<sup>nd</sup>-tier ERP solution for smaller subsidiaries – as a completion to their 1<sup>st</sup>-tier solution for large operations. It also enables small to medium sized international organizations to deploy a single-tier ERP solution across all affiliates by creating enterprise-wide integration and real-time information.

- Exact completes you by:
1. Providing a single unified 1<sup>st</sup>-tier solution which deals with all aspects of your business, no matter how complex your processes might be.
  2. Integrating as a local standardised 2<sup>nd</sup>-tier solution to your HQ, and providing all of the necessary localizations (legal and language).

## About Exact International

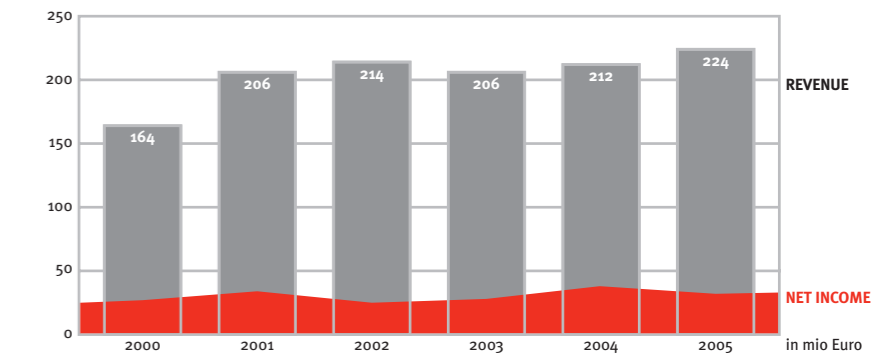

### Exact worldwide

Exact International is a strategic group of Exact Holding N.V. which has been listed on Eurolist by Euronext Amsterdam since June 1999. Currently we have a network of over 40 self-owned subsidiaries to support customers in more than 125 countries. Our offices support international organizations on five continents.

### Exact financials

Exact takes advantage of the benefits of business integration itself, which results in steady growth and a profitability increasing year by year.

### Exact employees

More than 60% of Exact's 2,700 employees are involved in Research & Development, Support and Training & Consultancy, which reflects our commitment to clients.
